STORM IN CHICAGO

Great Damage Was Done in the Suburbs to the South of the City.

SEVERAL LIVES WERE LOST.

For a Distance of 30 Miles From Indiana Harbor and Hammond All Wires Are Down.

Storm in Vicinity of Indiana Harbor Was the Worst Ever Known—Seven Buildings Demolished and Others Unroofed.

Chicago, March 25.—One of the most severe storms this city has known in many years passed over Chicago Thursday night. Great damage was done in the suburbs to the south of the city and considerable loss was sustained north of the city proper. The storm did not strike the business portion of the city in its greatest force.

The storm in the vicinity of Indiana Harbor was the most severe ever known there. Three people are known to be dead, several are fatally hurt and at midnight there were several others reported missing and they may be buried in the ruins of their homes.

A two-story brick building, known as the Barker building, was blown down and a number of people who had sought shelter there were buried in the ruins.

The storm covered the entire region around Hammond and Indiana Harbor, and was cyclonic in its nature. Telegraph and telephone wires are down.

In addition to the Barker building, six other structures are demolished, and a hasty count has shown that at least 32 are unroofed.

For a distance of 30 miles from Indiana Harbor and Hammond all the wires are down, and all the street car lines have been put out of business by the blowing down of their wires.

To the north of the city the storm was also severe, much damage having been done in the suburbs of Evanston, Rogers Park and Thornton. It was reported late at night that there had been loss of life in Thornton, but it was impossible to verify the report because of the lack of telegraph and telephone wires.

In the city proper no buildings were damaged to any great extent.

The storm created havoc in the town of Hammond, Ind. A number of residences were badly damaged, and two people were injured but not fatally. One end of the large plant of the Republic Iron and Steel Co. was blown down, causing a loss of at least \$25,000. A number of business houses were unroofed and the city Thursday night was in total darkness. So many of the electric light wires were blown down that the authorities compelled the company to shut off all power, lest lives might be lost through contact with live wires. In the freight yards of the roads running through Hammond great damage was done. Many cars were unroofed or blown over and the yards in many places were piled with wreckage.

In Grand Crossing, eight miles south of the center of the city, a number of buildings were wrecked, freight cars blown about the yards and the tracks of the railroads covered with debris to such an extent that the majority of incoming trains were compelled to call upon their passengers to assist in removing the wreckage from the tracks so that the trains could proceed.

In the suburban town of Thornton, the frame dwelling of E. Gardner was blown into a stone quarry and was reduced to kindling wood. Gardner was fatally hurt and his wife sustained serious injuries. Several other people were injured and it was impossible to summon aid by telephone or telegraph. Mounted messengers were sent to the town of Dalton, five miles away, to summon medical aid. The Lutheran church at Thornton was blown down and a number of residences damaged.

The fall of rain west and north of Evanston, which is 12 miles north of Chicago, was so heavy that the crops were badly damaged. It is said that the loss to the winter wheat in this section alone will amount to \$50,000.

Six Houses Wrecked in a Storm. Grand Rapids, Mich., March 25.—Six houses were completely wrecked and a number of their inmates were injured here Thursday night by a severe wind storm which was accompanied by rain. A large number of other buildings were moved from their foundations.

Awarded \$35,000 Damages. Los Angeles, Cal., March 25.—Miss Anita Kelley, of New York, was Thursday awarded a verdict of \$35,000 damages and costs against a Santa Barbara hotel company for the loss of a limb in an elevator accident in July, 1903. She sued for \$50,000.

A RACE WITH DEATH.

It Was Won By a Little Girl By the Delaying of a Train.

Lexington, Ky., March 25.—A race with death was won by Ruth Miles, a 5-year-old girl from Hyden, Thursday night, by delaying the L. & E. train from Jackson, a half hour. Hyden is a remote mountain town. Physicians announced Tuesday morning that the child's life could be saved only by having an operation performed on her lungs in a Lexington hospital. A flat boat was procured and the little girl with her entire family floated down the Kentucky river to Jackson, a distance of 60 miles. They were 51 hours on the water. They saw that they would be a half hour late in reaching the railroad station and telephoned for the train to wait, which was done. Physicians said Thursday night that a day's delay in reaching Lexington would perhaps have cost the child its life.

A CRUEL DEED.

Hung a Little Son in a Bag and Kindled a Fire Under Him.

Paducah, Ky., March 25.—Grant Howard, a Negro, committed the most cruel deed early Thursday ever recorded in local police circles here. He took his 10-year-old son, Leroy, and placed him in a sack and tied the sack with its contents to a rafter in the stable. He apparently kindled a large fire under the hanging bulk and left for the city. The boy's screams attracted people. He was cut down and was unable to talk for five minutes. Then he explained that his papa had treated him so barbarously because he wanted to sleep with him.

The father is charged with malicious assault with intent to kill and attempted arson.

Howard is being closely guarded, as he is in danger of being lynched.

Investigating Goble Damage.

Catlettsburg, Ky., March 25.—N. C. Pharis, representing underwriters of Cincinnati, is here with two divers investigating the damage done to the M. B. Goble when she sank in the mouth of Sandy river last week. No bodies were found in the boat, they having been washed away by the Ohio. The Goble will be raised as soon as the tools and barges arrive here from Cincinnati.

Noted Singer Dead.

Louisville, Ky., March 25.—Joseph Simons, for 30 years the most prominent tenor singer of this city and a member of the Liederkreis, died here Thursday night. He was 60 years old and a native of Cologne, Germany. He first located in Cincinnati, where he lived until 1870.

Family Poisoned From Garlic.

Owingsville, Ky., March 25.—The family of Allen Pergam, of the eastern part of this county, have been in a critical condition, it is said, from being poisoned by eating garlic gathered in the garden. It is supposed a poisonous weed was gathered with the garlic.

Shot Himself in the Temple.

Lexington, Ky., March 25.—D. Robertson Dunlop, who was engaged in the real estate business in Washington, D. C., but whose parents reside in this city, committed suicide at the Phoenix hotel here by shooting himself in the right temple with a revolver.

The Jury Failed to Agree.

Louisville, Ky., March 25.—The jury failed to agree in the case of Louis A. Darnal, of Meade county, charged with sending obscene letters through the mails to Miss Rose M. Allen, of the same county. The case will be tried again at the next term of the court.

Left Valuable Estate.

Lawrenceburg, Ky., March 25.—John C. McBrayer, son of the late W. S. McBrayer, who died at his home near here, qualified as administrator of the estate in the Anderson county court. The estate is variously estimated to be worth from \$150,000 to \$250,000.

Section Foreman Drowned.

Hopkinsville, Ky., March 25.—William Cox, section foreman on the Illinois Central railroad, was knocked from a car loaded with cross-ties by a tie on which he was sitting, striking the abutment of a bridge. He fell in the river and was drowned.

Steamer Went Over the Dam.

Bowling Green, Ky., March 25.—The steamer Mystic, property of A. Scott Hines & Co., in the upper Green river trade, went over the dam at Woodbury. The captain jumped and swam ashore. The pilot and engineer remained at their posts.

Flood at Peoria, Ill.

Peoria, Ill., March 25.—Peoria is experiencing the worst flood in the history of the city. The Illinois river is out of its banks, and has reached the highest mark ever recorded. A large portion of East Peoria is under water.

THE PORT BLOCKED

Reported the Japanese Sunk 7 Merchant Vessels in Desired Positions in Channel.

HARBIN AND LIAO YANG FORTIFIED

New Chwang Will Soon Be in a Position to Resist a Determined Assault by Japanese.

Eighty-Two Field Engineers Have Left St. Petersburg For the Front in Connection With the Erection of Fortifications.

London, March 25.—The Daily Telegraph publishes a dispatch from its Tokio correspondent under Thursday's date which says:

"On the night of March 22 the Japanese fleet renewed the attempt to bottle up Port Arthur. Sixteen warships escorted seven merchant steamers to the mouth of the harbor and under cover of the bombardment the steamers ran in and were sunk in desired positions. Three thousand Japanese officers and blue jackets volunteered for this duty. An official report is expected this evening."

St. Petersburg, March 25.—According to information received here strong fortifications have been erected for the defense of Harbin and Liao Yang.

The construction of batteries at New Chwang continues to be feverishly pushed, and it is believed that that place will shortly be in a condition to resist even a determined assault by the Japanese.

Eighty-two field engineers have left for the front for service in connection with the erection of fortifications and other work incident to the Russian operations.

According to reports received here the police of Harbin have taken measures to prevent the proprietors of shops increasing the price of provisions. Several of the shops have been closed, and the proprietors who increased their prices have been prosecuted. Countrymen are bringing in supplies, which fact tends to keep prices down.

People from Harbin says that the inhabitants there are tranquil and have no fear of what the future may bring forth. They deny the rumors that 5,000 persons are without shelter on the shore of Lake Baikal waiting for transportation to European Russia.

TOUR OF INVESTIGATION.

Party of Wealthy Japanese Has Arrived in This Country.

Seattle, Wash., March 25.—A party of wealthy Japanese has arrived to visit the principal centers of the United States, inspect rolling mills and factories of all kinds, look into the condition of the poor, examine the practical working of the laws and ascertain if possible whether religion enters into any appreciable extent into the actual daily life of the people.

One of the party, a graduate of the Tokio university, said that after most careful examination absolutely unprejudiced and free from preconceptions, the Japanese had unanimously and unhesitatingly rejected the religion of the Europeans as something of which they did not want and did not need.

THE YOUNG EMPRESS.

Her Devotion to the Work of the Red Cross Society Is Remarkable.

St. Petersburg, March 25.—The devotion of the young empress to the work of the Red Cross society has aroused the enthusiastic admiration of the Russian people. She has thrown herself heart and soul into this duty, even personally assisting in the preparation of bandages and other supplies for the sick and wounded. As an evidence of the interest and activity of the empress she started work at 8 o'clock Thursday morning, and did not stop until 3 o'clock Thursday afternoon, not even taking time for lunch. Her little daughters strive to emulate the example of their mother and assist in collecting and packing the materials.

There May Be a Deadlock.

Springfield, Ill., March 25.—Indications point to a deadlock in the joint convention of the coal operators and miners of the state and the session may last two weeks. There is a wide difference between the demands of the operators and miners.

The Space Given to Holland.

St. Louis, March 25.—It has been announced that the space ordinarily allotted to Russia for a national pavilion at the World's fair has been awarded to Holland, upon the request of Commissioner General Garrett H. Tenbroek.

DOINGS IN CONGRESS.

The Indian Appropriation Bill Passed the Senate.

Washington, March 25.—Senate.—The senate Thursday passed the Indian appropriation bill. After the routine features of the bill had been disposed of Mr. Bacon again raised the question of civil service appointments, basing his remarks upon the statement made by Mr. Hoar Wednesday that senators from states of political faith different from that of the president should be consulted in the matter of appointments of office. Mr. Bacon contended that the southern states were practically disfranchised under a republican administration and said that this condition of affairs was contrary to the intention of the founders of the government. Early in the day Mr. Gibson spoke in support of his bill for the repeal of the desert land, the timber and stone laws, and of the commutation clause of the homestead law.

House.—The house again put itself on record against any investigation of the post office department. Eight pages of the post office appropriation bill were disposed of. The question of an investigation of the post office department was brought up by Mr. Williams, the minority leader, who proposed an amendment providing for a select committee of five members of the house and three senators to make a complete investigation of into the alleged frauds in that department. He taunted the republicans for their failure to order an investigation and said the party was opposed to it. The chair sustained a point of order by Mr. Overstreet against the amendment and when Mr. Williams appealed the chair was sustained 133 to 99.

WORLD'S FAIR STAMPS.

A Special Series of Five Denominations Will Be Issued.

Washington, March 25.—The post office department Thursday announced that a special series of stamps of five denominations to commemorate the Louisiana purchase exposition of 1903 and to be known as the commemorative series of 1904, will be issued beginning April 21, for sale to the public during the term of the exposition, from April 30 to December 1, 1904. A supply of the regular issue of stamps also will be kept in stock by all post offices during this period. The commemorative stamps will be as follows: 1 cent, green, with portrait of Robert R. Livingston, United States minister to France, who conducted the Louisiana purchase negotiations; 2 cent, red, portrait of Thomas Jefferson, president of the United States at the time of the purchase; 3 cent, purple, portrait of James Monroe, special ambassador to France, who with Livingston closed the negotiations for the purchase; 5 cent, blue, portrait of William McKinley, who as president approved the act of congress connecting the United States government with the exposition, and 10 cent, brown, bearing a United States map showing the territory of the purchase.

These stamps will not be issued in book form. There will be no commemorative issue of stamped envelopes, newspaper wrappers, postal cards, special delivery or postage due stamps.

HOME FOR POOR YOUNG GIRLS.

Will of Jos. Zevilla Bequeathing \$500,000 for the Purpose Valid.

New York, March 25.—After friendly litigation extending over a term of 18 years, the court of appeals has declared valid a bequest of \$500,000 made by the will of Joseph Zevilla, a wealthy Peruvian, who died in this city in 1886, for the establishment and maintenance of a home for poor young girls. In the 18 years which have elapsed since Mr. Zevilla's death the original bequest has grown considerably by accumulation, and the board of managers already has taken steps to carry out the ideas outlined in the will. A lot has been purchased in this city, and the erection of a building will be begun in a few months.

NEW REPLY POSTAL CARD.

It Will Be Issued By the Post Office Department Shortly.

Washington, March 25.—The post office department has given notice that a new domestic reply postal card, of the one cent denomination, will be issued when the supply of reply cards of the old design at the various postal distributing stations is exhausted. The new card will bear the portrait of Gen. William T. Sherman on the message side and a portrait of Gen. Philip H. Sheridan on the reply side.

Winnipeg, Man., March 25.—A fierce blizzard is raging throughout Manitoba and the northwest. The snow is driven by a high northwest wind and trails are in bad shape. Railways are also blocked.

London, March 25.—Sir Edwin Arnold, the author, died in London Thursday. He was 71 years old.

WAR OVER UNIONS

Two Counties in Colorado Mining District Declared Under Martial Law.

MORE TROOPS SENT TO TELLURIDE

Gov. Peabody Declares San Miguel and Las Animas Counties in a State of Insurrection

Reported the Western Federation of Miners Had Made a Second Appeal to the President to Send Federal Troops.

Denver, Col., March 25.—Martial law is in operation in two Colorado counties—San Miguel and Las Animas. Reports from both districts are to the effect that conditions at present are peaceful. At Telluride, San Miguel county, press censorship is exercised.

Gov. Peabody ordered Adj. Gen. Bell to send 300 more soldiers to Telluride. No trouble is reported.

A special train bearing troops left Denver for Telluride Thursday afternoon. The entire force at Telluride will be under command of Adj. Gen. Bell.

Gov. Peabody said Thursday that he declared San Miguel county in a state of insurrection and rebellion because of the representations made to him by public officials and citizens of the town who declared that a body of men were arming outside the county to join with men within the county for the purpose of destroying property and inflicting personal injuries on persons in Telluride.

A dispatch received Thursday from Telluride contained the news that 20 Finlanders left that place Thursday. It is inferred from this fact that the deportation of strikers and their families has been resumed by the military.

It was reported Thursday that the Western Federation of Miners had made a second appeal to President Roosevelt to send federal troops to Colorado. The union men take the ground that Gov. Peabody only put martial law in force at Telluride to prevent the injunction against the citizens' alliance from becoming operative. It is further stated that the governor has prevented the deported men from enjoying their full rights as loyal American citizens and the call on the president for aid contends that Gov. Peabody is violating the provisions of the federal constitution.

The primary cause for the placing of San Miguel under the control of the military again is the trouble between the union miners and the citizens' alliance, which resulted in the deporting of a number of union men several days ago. The action of the governor was consequent upon an appeal from the sheriff of the county, who stated that affairs had reached such a state that he could no longer enforce the law. Information from Ouray, a neighboring mining camp, where the deported men sought refuge, tells of a joint meeting held there between the unions of Silverton and Ouray which was attended by President Moyer, of the Western Federation of miners, and the deported Telluride unionists. It was decided to start some of the evicted men back to Telluride, to test the situation. This will be done under the injunction issued by Judge Stevens, of Ouray.

THE JOINT CONFERENCE.

The Wage Scale Question Was Referred to a Committee.

Charleston, W. Va., March 25.—The session of the joint conference of miners and operators of District 17 Thursday was taken up by the discussion of the various demands made by the two sides. Vice President T. L. Lewis was the principal debater for the miners, and John H. Winder, general manager of the Kanawha and Hocking mines and the Sunday Creek mines in Ohio, was chief spokesman for the operators. Late in the afternoon the matter was referred to a joint scale committee appointed for the purpose of considering it. The discussions were all carried on in the most friendly spirit and there is no reason for changing the prophecy that an agreement will be reached.

Superintendent Frazier Resigns.

Toledo, O., March 25.—President Shonts, of the Toledo, St. Louis & Western railroad, received the resignation of James L. Frazier, general superintendent of the road, with headquarters at Frankfort, Ind. His successor has not as yet been named.

St. Louis, March 25.—Over one hundred plumbers employed by the World's fair grounds went on strike Thursday for an increase in wages. They demand \$6 a day instead of \$5. Painters went to work at the old scale.

Mr. R. D. Wilson, of Vanceburg, still claims that the Legislature made a bad mess of affairs in the bill creating the county of Beckham. The BULLETIN expressed the hope when the measure passed that the Governor would veto it, and recent developments show that that would have been the wisest disposition of it.

The statement is made that the cotton crop of the past season, with its by-products, was worth to Georgia planters alone over \$90,000,000. All the gold and silver taken out of all the mines of the United States in a year does not equal that sum. But that isn't the whole story, for Georgia last year used something over 350,000 bales of cotton in the textile factories within her borders. Her total capital invested in these mills exceeds \$35,000,000. Such cotton crops as that of 1903 and such fruit and other crops as the South is now producing will make that section the wealthiest in the country in a few years.

The scandals in the Postoffice Department certainly demand a rigid investigation at the hands of Congress, but Republicans are throwing every obstacle in the way. The Democrats have offered resolutions demanding an inquiry into the rottenness, but those resolutions are still in the hands of the committee. The plan of the Democratic Senators is now to offer a new resolution calling attention to the former resolutions and to the fact that they have been permitted to sleep in the committee. This will bring the entire question before the Senate, but as the Republicans are in absolute control, there will be no investigation.

SPEAKING of the action of the beef trust in arbitrarily advancing the price of fresh meat in New York, Brooklyn and Jersey City this week, the Commercial Tribune says: "It may not be altogether amiss to note the fact that the rise in price follows closely on the heels of the semi-official announcement from the Department of Justice that it was not the intention of the President—the Government," as Attorney General Knox put it—to run amuck among the trusts." And then the C. T. adds:

Saving and always excepting the undoubted fact that it is not the business and not in the way of a good government to run amuck, what was the meaning of the remarkable statement of the Attorney General? Considering the fact that the beef combine decrees an arbitrary advance, there being neither scarcity of beef nor scarcity of mutton, was it his desire, or his intention, to notify the combines that the decision of the Supreme Court in the Northern Security case had been obtained as a matter of form only? One combine appears to be taking it in that sense and meaning, and it is a combine which, like the wood pulp trust, pinches right at home. What did Attorney General Knox mean?

The BULLETIN will make a guess on that point. Mr. Attorney General Knox probably wanted to let the beef trust crowd know that they can go ahead with their campaign of greed and extortion and thus accumulate a big sum to contribute to the Republican campaign fund next fall, and help re-elect their friend Mr. Roosevelt.

"Next Door" To-night.

Marion, O., Evening Bulletin, March 11th, says:

"Next Door," a play of the acrobatic school, was presented by the Brothers Royer to a large audience at the Grand. The fun was lively and the acrobatic feats were astonishing. It was an attraction that would please anyone.

At the opera house to-night. Secure seats at Ray's.

Mr. Mose Daulton, one of nature's noblemen, who has been confined to his home the past two or three weeks, was at his place of business Thursday receiving the glad hand from his many friends.

—Mrs. William Davis is down from Millersburg visiting at Washington.

Captain E. W. Fitzgerald, after being fourteen years with the U. and O., has resigned his position as Claim Agent for this division and will engage in other business.

Miss Jennie Moore is a carrier on one of the rural free delivery routes in Harrison County. Recently during the illness of another carrier she traveled the two routes, a distance of forty miles or more.

A bill is pending in the Ohio Legislature to create the office of County Superintendent of Elections whose duty it will be to see that no election frauds are committed, and to punish those who do commit them.

The damage done by the storm in Christian County is greater than first reported. More than fifty barns were destroyed in the southern part of the county. One person was killed and two were injured. Much tobacco was destroyed.

POYNTE BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

Robert Leeland, the actor, who committed suicide at Detroit by turning on the gas in his room, was known in private life as William Smedley. He was a son of W. E. Smedley, formerly of Bourbon County, and now of Salt Lake City, and a nephew of A. and B. Smedley of Bourbon. Ill health was the cause of the young man's despondency.

Mrs. James H. Cummings of Forest avenue received a telegram Thursday bringing the sad news of the death of her aunt, Mrs. Mary Ingles of Millersburg. Mrs. Ingles was seventy years old and had been ill some time with the grip. She leaves several children. Mrs. Cummings goes to Millersburg this afternoon to attend the funeral, which will take place Saturday.

The increase of the school term from five to six months and the purpose of raising the proficiency of the common school teachers will cause a close and more exacting examination in all branches than heretofore. Notice has been given to Superintendents of this and those teachers who expect to take the examination this year had best be prepared for the hardest they were ever up against, says an exchange.

Mrs. Thomas Miller died at Germantown Wednesday night, aged about seventy. She had been a great sufferer from nervous troubles for a year or more. Mrs. Miller was Miss Scottie Gallagher previous to her marriage and belonged to one of Germantown's oldest families. Her husband and one son survive. The funeral took place Thursday at 4 p. m., the interment being in the Germantown Cemetery. Mr. Miller formerly drove an omnibus between this city and Flemingsburg.

Thursday James Holmes, colored, delivered a small crop of tobacco to Rains & Sons, of West Third street, and was handed the money for it—\$40. This was placed in one of the firm's envelopes, with a slip of paper showing the number of pounds. Shortly afterwards he lost the money in front of the Bank of Maysville, where it was found by John, son of Mr. Burkhardt, of Market street. Some men who were passing saw the child looking at the money, and while they were examining it, Holmes came along looking for it. On establishing his ownership it was promptly returned to him and he rewarded the child for finding it.

The Huntington Advertiser March 21 says:

"Hello Bill," as presented at two performances in the Huntington theatre Saturday afternoon and night proved to be one of the most laughable comedies seen in this city in some time. From the rise of the curtain upon the first act until Bill finally discovers his identity, the audience is kept in a roar of merriment.

At the urgent request of Manager Rice the manager of the company has agreed to play a return engagement here on Thursday night.

The above gives evidence that the company presenting "Hello Bill" is first-class, and every one can depend upon seeing a good show. The date is Saturday, March 26th, matinee and night. Matinee prices will be 10 cents for children and 25 cents for adults, and at these prices the house should be crowded. You can now order seats at Ray's.

Dress Your Buildings

A CHANCE.

We have confidence in the good judgment of the people of Maysville—we will prove the sincerity of our belief.

EVIDENCE OF FAITH.

We will place in the southwest show window of Messrs. John I. Winter & Co.'s store at Maysville, Ky., Saturday, March 26th, our finest \$450 Ebersole Piano and will reduce it \$20 each and every day until some one stops the sacrifice by buying the instrument.

AT YOUR MERCY.

This is our finest Ebersole Piano. A superb instrument in our swellest mahogany case, a creation of which we are very, very proud. Our price of \$450 upon this instrument is considered by connoisseurs to be much below its value. We ourselves guarantee it to be the equal of any \$600 instrument of any other manufacturer! Each and every day this instrument will be reduced \$20 until some one stops the sacrifice by buying the instrument. We are absolutely at your mercy. If this piano only remains in the window one day we lose \$20—if it remains two days we lose \$40.

This piano will remain in the window until sold. Don't wait too long. Only one person can get it, and only one piano will be sold.

DON'T BE TOO GREEDY.

Some one is liable to buy it any day! Only one piano will be sold—someone will get the bargain of a lifetime.

Kelch a Suicide.

The body of Jos. Kelch, who murdered Miss Isa Matthews, back of Ripley some days ago, was found late Thursday afternoon in Straight Creek at Iron Bridge, about two miles from Georgetown. He had drowned himself. A rope around his neck indicates that he had either tried to hang himself, or had attempted to weight himself down in the water. The \$200 which he had when he disappeared was still in his pockets.

PRIZE AWARDED.

Miss Bettie Bean, of Springdale, won the Fountain Pen in J. T. Kackley & Co.'s Writing Contest.

The contest for the Waterman Turned-up-point Fountain Pen, to be given away by J. T. Kackley & Co. to the person writing the following sentence: "Buy a Turned-up-point Fountain Pen from J. T. Kackley & Co., Maysville, Ky.," the greatest number of times on an ordinary size postal card, closed yesterday at noon. The committee appointed by Mr. Kackley met last night and awarded the prize to Miss Bettie Bean, of Springdale. She had written the above sentence legibly and plainly one hundred and forty-four times.

There were two cards containing a greater number of sentences but unfortunately for the contestants were not entirely legible.

The committee that made the award was composed of Dr. P. G. Smoot, Prof. W. T. Berry and Mr. L. H. Young.

A FEW WORDS ABOUT OUR

SHOES

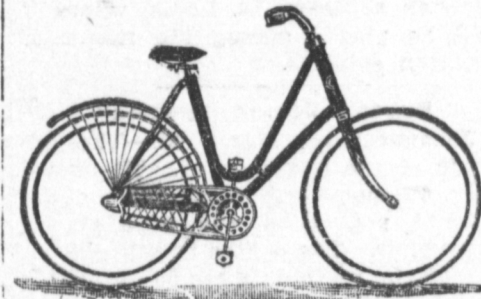

When we added men's and boys' shoes to our general stock of clothing and men's furnishings we bought the kind of shoes that our many years business experience taught us you wanted. You have all learned to know there is no economy in buying cheap stuff of any kind, but much less so in buying cheap shoes. In the selection of manufacturers whose shoes we now handle we were careful to connect ourselves with the best in the land. We wanted to sell shoes on the same terms like all the other merchandise we sell and that is if not reasonably satisfactory other merchandise in place of it, or other shoes in place of them or the money refunded. We have learned that we can safely sell our W. L. Douglas and Hanan & Sons Shoes on these terms. We sell thousands of pairs and rarely ever have complaints. When we do, we INVARIABLY adjust the matter satisfactorily. We want you to see our new spring styles. They will please you.

A Word About Our Merchant Tailoring!

Some of our friends will doubtless want their new spring suits made to order. We want to say to them that our new Spring Suitings and Trouserings are more than worthy of an examination. We would advise you to make an early selection as we are already quite busy in the custom department.

"A wheel awhile, for many a mile.
A joy and pleasure find.
No pains have I to suffer by.
Nor pessimistic mind.
A wheel awhile, with happy smile.
New strength and vigor gain.
A man of health, and hence of wealth.
With optimism sane."

John Harbeson, author: "My bicycle has worked so many wonders for my temper, digestion, general health and enjoyment, that I would not exchange it for any other means of recreation, an automobile not excepted. Now

that faddists and scorchers have abandoned their wheels I confidently expect to see all sensible people take to bicycling as a permanent habit."—New York, July 23, 1903.

Susan B. Anthony:
"Women generally live too much indoors, and the bicycle helps them to outdoor exercise and amusement, and is therefore a Godsend to them. A girl never looks so independent, so much as if she felt as good as a boy, as when riding the wheel. But after all, women must have a right to a voice in the government under which they live, they must be able to say who shall make the laws and who enforce them before they can be free and equal with men."—Rochester, N. Y., June 19, 1903.

R. G. Eccles, M. D., ex-President N. Y. State Pharm. Association; Professor and Dean, Brooklyn College of Pharmacy; author: "At the time the bicycle was most popular the statistics of health boards revealed an unusually high condition of public health. Bicycling being one of the most fascinating inducements to outdoor exercise its benefits to the majority of users are among the certainties of hygienic science." Brooklyn, N. Y., August 3, 1903.

STORM IN WISCONSIN.

Telephone and Telegraph Wires Are Out of Service.

Racine, Wis., March 25.—A storm which is said to have swept all of Southeastern Wisconsin has cut Racine off from all communication with the west. All the Wisconsin telephone wires are out of service, as well as the telegraph wires of the Milwaukee road. Officials report that scores of houses have been blown down and that the damage will be great.

The high wind here was accompanied by a heavy rain. The sewers soon became clogged and many cellars were filled. The fire engines of the local department were called out to move some of the stocks of the business houses stored in cellars.

AN ELECTRICAL STORM.

Considerable Damage Done to Property in St. Louis.

East St. Louis, March 25.—The electrical storm, accompanied by a high wind and a heavy rainfall, caused considerable damage here Thursday night. The lightning struck many buildings, among them the plant of a fireworks manufactory, which exploded and three of the larger buildings were burned. A large number of persons

were injured and many dwellings were demolished. The loss will reach many thousands of dollars.

Aide to Vice Adm. Makaroff.

St. Petersburg, March 25.—Grand Duke Cyril, cousin of the czar, who was on board the Askold when that cruiser steamed out of Port Arthur at the head of the fleet during the last bombardment, has been appointed an aide to Vice Adm. Makaroff.

A Historical State Coach.

Laredo, Tex., March 25.—The historical state coach used by Maximilian during his reign as emperor of Mexico passed the custom house at Laredo en route to St. Louis, where it will be placed among the rarest of Mexican exhibits.

Bubonic Plague Spreading.

Johannesburg, March 25.—The bubonic plague is spreading. There are now 69 suspected cases among the colored population and nine among the whites. The deaths resulting from the plague up to date are 55—5 whites and 50 natives.

Assigned to Special Duty.

Washington, March 25.—At the request of the isthmian canal commission, Capt. Cassius E. Gillette, corps of engineers, has been assigned to special duty in connection with the sanitary improvement of Panama.

Bouldin Defeated Lüttbeg.

St. Paul, Minn., March 25.—Clarence Bouldin Thursday night defeated Max Lüttbeg, of Cincinnati, in a catch-as-catch-can wrestling match for the featherweight wrestling championship and a side bet.

Favors a National Leasing Law.

Roswell, N. M., March 25.—The New Mexico Cattle Growers' Association, in session here, adopted a resolution favoring a national leasing law. A single statehood resolution was also adopted.

Death of A. Cass Canfield.

New York, March 25.—News has been received here of the death by pneumonia at Aiken, S. C., of A. Cass Canfield, 50, a prominent yachtsman of this city.

HERE AND THERE.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

ORANGEBURG, March 23rd.—Geo. Sedden and family have removed from "burg" to the farm. Scott Young and family occupy the house vacated by him.

Penn Phillips, an expert machinist, has removed to "burg" to be near his work at the mill. J. T. Pollitt is able to be out after a sick spell. The Red Men's lodge, of Orangeburg, were to have repeated their entertainment, "The Corner Grocery," Tuesday evening last, but a postponement was necessary on account of the inclement weather. The "Orangeburg Dramatic Club" covered themselves with glory at the first exhibition which was a grand success, the audience numbering nearly two hundred.

Very little fall plowing having been done, farmers have to do a great deal this spring. A few tobacco beds have been burned. About all of the tobacco in this neighborhood has been sold at good prices.

The equinoctial storm Tuesday evening was one of the most severe for years past. Commencing about 4 o'clock, as school was letting out, it raged for several hours with rain, hail, thunder and lightning. It was generally conceded one of the hardest rainstorms ever known here. The two creeks which join here were several feet out of their banks and a slight additional rise would have carried away bridges and inundated houses. School children were storm bound and Mr. Furlong's little boy had a ducking in the high water. Great damage was done in the neighborhood to water gaps and fences which it will take some time to repair. The storm will be remembered for its severity.

Collector Roberts has made the following assignments of revenue men at this point for April:

H. E. Pogue Distillery Co.—H. G. Holiday, day duty; F. W. Harting, additional and bottling; C. T. Asbury, additional; W. E. Schooler, night; S. A. Powell, gauging. Poyntz Bros. Co.—P. D.
